

## What you need to know about skiing insurance

We require you to take out adequate insurance cover for your Ski Famille skiing holiday.

We accept no responsibility for costs incurred by guests that would normally be covered by good quality travel insurance.

Items we would expect all travellers to have insured include cancellation, curtailment, expenses resulting from delayed travel, and winter sports specific cover.

Winter Sports are not always covered, or can have some restrictive terms, on annual policies or free policies provided by banks. Do check what is on offer with your current insurer against what is available through MPI.

### Free Insurance for Children under a family policy

All guests need good quality insurance and we have teamed up with award winning MPI Brokers to offer what we believe is an excellent level of cover... and children are covered for free under a family policy. Key features are outlined below; see full details at: [retail.mpibrokers.com/skifamille](https://retail.mpibrokers.com/skifamille)
