

## Après Ski Activities in Les Gets

### Eating Out

If eating out is your thing then you will not be disappointed as Les Gets has more than 50 restaurants to choose from, whatever your preference may be. Restaurants serving traditional Savoyard food dominate the options for eating out, but there are choices covering everything from a quick pizza to fine dining.

La R'mize

Le Vaffieu

Le Tyrol

### Nightlife

Les Gets has a quiet nightlife, but there is a great selection of bars for that well-earned beer or cocktail in the evening. The family focus means that the most common form of Après ski is curling up in front of the chalet fire with a cuppa or glass of fizz. That said, there are plenty of friendly bars with live music for those determined to dance the night away.

Bar Bush

Igloo Nightclub

## Leisure

Let Gets has really gone out of its way to cater for families and kids, and is richly deserving of its 'Familie Plus Montagne' label. There is plenty to do for everybody in resort whether this be a trip to the dedicated sledging area if your little ones are tired of ski school and want to have a bit more fun, or treating yourself to a relaxing massage by our mobile massage services provided by Massage Me in the chalet you are staying in. Other leisurely activities include a trip to the village Ice Rink, Cinéma, Snowmobiling or even the Indoor Swimming Pool (situated in Morzine).

Les Gets Ice Rink

## Events

Les Gets has lots going on throughout the season so there is always something to keep everybody entertained. Weekly events in the village include a Torchlit Descent & Fireworks, concerts, traditional market and pub quizzes at Bar Bush. There are also several annual events such as Father Christmas visiting resort (a huge hit with the kids!), Ski Colour, La Grande Odyssée Savoie (husky racing) and Rock the Piste Festival.
